**M-RETS Change Request Form**

Project Issue Request ID: 0007	Requested by: Kari Clark Xcel	Type of Change: Enhancement	Date Requested:  Priority:
--------------------------------	----------------------------------	--------------------------------	----------------------------------

**Title:**  
**M-RETS Certificate Issuance Report**

**Description:**

**M-RETS Certificate Issuance Report -**  
A report similar in format to the “M-RETS Generator Production” (r=102) report would be useful to present the certificates created each month for an entire year. This would be especially helpful for mixed fuel resources and to identify which certificates to transfer or retire.

**APX Response:**  
Required fields:

Field	Description
Year Selection	Year drop down Menu
M-RETS ID	M-RETS Assigned ID
Facility Name	Name of Facility from Registration
Fuel Type	Registered Fuel Type
Vintage Months	13 columns for the month’s and Annual total certificates issued
	**Fields must update after adjustments create

**Reason for Change:**

N/A

**Deliverables:**

1. Creation of New Report: M-RETS Certificate Issuance Report
2. Testing to ensure data populates report correctly

**Risk & Issues Involved:**  
Thorough testing will need to be conducted to ensure proper functionality.

**M-RETS**

**External Impacts:**  
No Known Issues.

**Attachments/References:**

**APX Only:**

**Estimate for Scheduled Release:**

Development	8 Hours
System Test, Regression Test and UAT	2 Hours

**Cost Impact:** Per contract, will be implemented on a Time & Material basis, at \$149.10/hour.

**Total Cost Estimate:** \$1491.00 (10 Hours)

***Approvals***
