M-RETS Subscriber Group Purpose

- Provide Forum for M-RETS Subscribers
 - Share policy concerns
 - Share technical problems
 - Provide technical information on M-RETS
- Bring Items to Governing Group
 - Informal agreement to forward items to Governing Group
 - Form committees when required to frame items to present to Governing Group
- Bring Items to APX
 - Members can bring items to APX directly
 - APX interface with Subscriber Group

Subscriber Group Function as a Group

■ Policy Issues

- Initial discussion of policy issue from members
- Establish a committee to develop policy issue
- Committee present policy issue to Subscriber Group
- Chair present policy issue to Governing Group

■ Technical Issues

- Members interface directly with APX when possible
- Members or APX present technical issues to Subscriber Group
- Chair present unresolved technical issues to APX and Governing Group

Data Loading Problems

- Meter read dates – Start and end date same in consecutive months
- Billing Date in different month than meter read dates
- Generation facilities have multiple units, multiple meters and no summation meter
